Our new CUTE outdoor sauna truly lives up to its name. With an elegant wooden facade made from durable Tyrol wood cladding and a stylish overhang that offers shelter from the rain while enhancing the sauna's aesthetic, it's both functional and beautiful. Thoughtfully equipped with a convenient hanger for your bathrobe or clothes, it combines style with practicality. Step into the inviting warmth of our CUTE sauna, where relaxation for your body and peace for your mind await.

A special footrest allows for a semi-reclining position on the upper bench while also serving as a secure step for ascending and descending. We've made no compromises on door quality—you'll still find solid aluminium doors with a stable frame and precisely engineered closure, ensuring durability and seamless functionality.

ISCHGL

STANDARD CONFIGURATION:	
Dimensions:	240x230x235 cm
Variants:	Left or right version
Glazing:	2 sides glass, double glazing, transparent glass
Door:	Aluminium frame, double glazed, transparent glass
Flooring:	tiles
Interior wood:	Rustic tyrol wood cladding, heat treated and brushed
Benches:	Thermo aspen
Backrest:	Thermo aspen
Control unit:	Digital touch control panel harvia
Color light therapy:	LED RGB under the bench and behind the backrest incl. remote control
Heater:	Harvia home 11 kW
Infrared heaters:	Up to 2 pcs - full spectrum heater, as an option
Optional glass types:	Mirror, mirror+, parsol grey, parsol dark grey

Introducing the timeless ISCHGL, our oldest sauna model that continues to captivate attention and delight customers. Designed with deliberate intent, the clear glass exterior artfully reveals the enriched interior, creating an immersive and inviting experience. Classic wood options provide a touch of traditional warmth, and the flexibility to choose among various heaters and infrared radiators allows for a personalised sauna experience.

The crowning jewel of the ISCHG is its expansive roof window, a feature that bathes your relaxation haven in natural light during the day. As the sun sets and night falls, this window transforms into a portal to the cosmos, offering a breathtaking view of the stars. Is there anything more romantic than unwinding in your favorite spot, surrounded by the soothing warmth of the sauna, while gazing at the celestial wonders above?

AMADE

STANDARD CONFIGURATION:	
DIMENSIONS:	220x220x235 CM
VARIANTS:	LEFT OR RIGHT VERSION
GLAZING:	3 SIDES GLASS, DOUBLE GLAZING, MIRROR GLASS
DOOR:	ALUMINIUM FRAME, DOUBLE GLAZED, MIRROR GLASS
FLOORING:	TILES
INTERIOR WOOD:	RUSTIC TYROL WOOD CLADDING, HEAT TREATED AND BRUSHED

CONTROL UNIT:	DIGITAL TOUCH CONTROL PANEL HARVIA
COLOR LIGHT THERAPY:	LED RGB UNDER THE BENCH AND BEHIND THE BACKREST INCL. REMOTE CONTROL
HEATER:	HARVIA THE WALL 9 KW
INFRARED HEATERS:	UP TO 2 PCS - FULL SPECTRUM HEATER, AS AN OPTION
OPTIONAL GLASS TYPES:	MIRROR+, PARSOL GREY, PARSOL DARK GREY, TRANSPARENT

Outdoor saunas with glass fronts offer a liberating experience, allowing you to connect with nature as you unwind. You can gaze out over your garden, observe birds, or marvel at a starlit sky, all while enjoying the peaceful atmosphere of the sauna.

Mirrored glass also offers other advantages: it reflects the green of the surroundings and blends the cabin harmoniously and almost invisibly into the overall ambience of the garden. It also prevents a direct view of the interior of the sauna during the day, and even at night when the light is dim, the view of the interior is greatly reduced and allows for relaxed sauna use.

The balanced ratio between wood and glass elements also guarantees a pleasant sauna climate. All glass viewing elements consist of 2 x 6 mm ESG thermal glass – the glass panelling behind the wooden wall is made of hardened 8 mm ESG safety mirror glass with a black enamel background. Our AMADE sauna was awarded "Best of the Best" at the Red Dot competition in 2021 for the best design in the wellness program.

PANORAMA

STANDARD CONFIGURATION:	
Dimensions:	220x200x225 cm
Variants:	Left, right, center door entrance
Glazing:	3 sides glass, double glazing, mirror glass
Door:	Aluminium frame, double glazed, mirror glass
Flooring:	HPL
Interior wood:	Rustic tyrol wood cladding, heat treated and brushed
Benches:	Thermo aspen
Backrest:	Thermo aspen
Control unit:	Digital touch control panel harvia
Color light therapy:	LED RGB under the bench and behind the backrest incl. remote control
Heater:	Harvia the wall 9 kW
Infrared heaters:	Up to 2 pcs - full spectrum heater, as an option
Optional glass types:	mirror+, parsol grey, parsol dark grey, transparent

Introducing our PANORAMA sauna, meticulously crafted to deepen the connection between body and soul while immersing you in the natural beauty of your garden surroundings.The innovative design of our classic mirror glass sauna, PANORAMA, offers a breathtaking 180-degree panorama, creating an unparalleled sense of freedom. With transparency on three sides, you can revel in the beauty of your garden from within the sauna, forging a harmonious link between the interior and the outdoors. The mirrored glass not only reflects the lush greenery but also ensures a discreet sanctuary, blocking views into the cabin. As daylight fades or night falls, the dimmable interior lighting further enhances the privacy within. For those seeking alternatives, our panoramic sauna can be tailored with completely transparent clear glass or tinted options in grey or brown.Achieving a perfect balance between wood and glass elements, our design ensures a comfortable sauna climate. All glass viewing components are constructed with 2 x 6 mm ESG thermal glass, framed in sleek black enamel.

AMADE XL

STANDARD CONFIGURATION:	
DIMENSIONS:	300x220x235 CM
VARIANTS:	LEFT, RIGHT VERSION
GLAZING:	3 SIDES GLASS, DOUBLE GLAZING, MIRROR GLASS
DOOR:	ALUMINIUM FRAME, DOUBLE GLAZED, MIRROR GLASS
FLOORING:	TILES
INTERIOR WOOD:	RUSTIC TYROL WOOD CLADDING, HEAT TREATED AND BRUSHED
BENCHES:	THERMO ASPEN
BACKREST:	THERMO ASPEN
CONTROL UNIT:	DIGITAL TOUCH CONTROL PANEL HARVIA
COLOR LIGHT THERAPY:	LED RGB UNDER THE BENCH AND BEHIND THE BACKREST INCL. REMOTE CONTROL
HEATER:	HARVIA LEGEND HOME 11 KW
INFRARED HEATERS:	UP TO 2 PCS, AS AN OPTION
OPTIONAL GLASS TYPES:	MIRROR+, PARSOL GREY, PARSOL DARK GREY, TRANSPARENT

Outdoor saunas with glass fronts create a real feeling of freedom. You can enjoy the view outside while taking a sauna, watch the birds in the garden or the clear starry sky while you indulge in peace and relaxation.

Mirrored glass also offers other advantages: it reflects the green of the surroundings and blends the cabin harmoniously and almost invisibly into the overall ambience of the garden. It also prevents a direct view of the interior of the sauna during the day, and even at night when the light is dim, the view of the interior is greatly reduced and allows for relaxed sauna use.

The balanced ratio between wood and glass elements also guarantees a pleasant sauna climate. All glass viewing elements therefore consist of 2 x 6 mm ESG thermal glass – the glass panelling behind the wooden wall is made of hardened 8 mm ESG safety mirror glass with a black enamel background.The wishes of our customers have led us to develop expanded AMADE saunas. We began adding anterooms, canopies, wind-resistant walls, and thus AMADE XL was created.

BALCONY

STANDARD CONFIGURATION:	
Dimensions:	217x160x225 cm
Variants:	Left, right, center entrance
Glazing:	2 sides glass, double glazing, mirror glass
Door:	Aluminium frame, double glazed, mirror glass
Flooring:	HPL
Interior wood:	Rustic tyrol wood cladding, heat treated and brushed
Benches:	Thermo aspen
Backrest:	Thermo aspen
Control unit:	Digital touch control panel
Color light therapy:	LED RGB under the bench and behind the backrest incl. remote control
Heater:	Harvia the wall 9 kW
Infrared heaters:	Up to 2 pcs - full spectrum heater, as an option
Optional glass types:	mirror+, parsol grey, parsol dark grey, transparent

Driven by the diverse needs of our customers and the limited availability of space, we have ventured into the development of compact outdoor saunas. Aptly named BALCONY, these smaller units are designed to fit onto smaller spaces like balconies, provided the conditions are suitable. Unlike their larger counterparts, these saunas are tailored for 2-3 persons, offering an intimate yet spacious experience.In addition to the standard configuration, we provide flexibility in door placements, glass types, and orientations, allowing customers to customise their sauna to suit their preferences and the layout of their outdoor space. Notably, the sauna's relatively lower weight makes it suitable for placement on areas that may not be as statically sustainable.. Experience the bliss of a sauna on your balcony without compromising on quality or comfort. Our BALCONY saunas blend innovation, adaptability, and a sense of freedom, ensuring a rejuvenating escape within the confines of limited space.

FLORA

STANDARD CONFIGURATION:	
DIMENSIONS:	240x240x235 CM
VARIANTS:	LEFT, RIGHT ENTRANCE
GLAZING:	2 SIDES GLASS, DOUBLE GLAZING, MIRROR GLASS
DOOR:	ALUMINIUM FRAME, DOUBLE GLAZED, MIRROR GLASS
FLOORING:	HPL
INTERIOR WOOD:	RUSTIC TYROL WOOD CLADDING, HEAT TREATED AND BRUSHED
BENCHES:	THERMO ASPEN
BACKREST:	THERMO ASPEN
CONTROL UNIT:	DIGITAL TOUCH CONTROL PANEL HARVIA
COLOR LIGHT THERAPY:	LED RGB UNDER THE BENCH AND BEHIND THE BACKREST INCL. REMOTE CONTROL
HEATER:	HARVIA CLUB 11 KW
INFRARED HEATERS:	UP TO 2 PCS - FULL SPECTRUM HEATER, AS AN OPTION
OPTIONAL GLASS TYPES:	MIRROR+, PARSOL GREY, PARSOL DARK GREY, TRANSPARENT

Outdoor saunas with glass fronts create a real feeling of freedom. You can enjoy the view outside while taking a sauna, watch the birds in the garden or the clear starry sky while you indulge in peace and relaxation. Mirrored glass also offers other advantages: it reflects the green of the surroundings and blends the cabin harmoniously and almost invisibly into the overall ambience of the garden. It also prevents a direct view of the interior of the sauna during the day, and even at night when the light is dim, the view of the interior is greatly reduced and allows for relaxed sauna use.

Sauna FLORA contains living elements of nature. You can equip the vertical garden on the side with your favourite flowers, or plant the spices you need for cooking or grilling in the garden. The built-in self-watering system will keep your garden alive even if you are away for a few days.

VELDEN

STANDARD CONFIGURATION:	
DIMENSIONS:	230x230x235 CM
VARIANTS:	LEFT, RIGHT VERSION
GLAZING:	2 SIDES GLASS, DOUBLE GLAZING, PARSOL DARK GREY GLASS
DOOR:	ALUMINIUM FRAME, DOUBLE GLAZED, PARSOL DARK GREY GLASS

BENCHES:	THERMO ASPEN
BACKREST:	THERMO ASPEN
CONTROL UNIT:	DIGITAL TOUCH CONTROL PANEL HARVIA
COLOR LIGHT THERAPY:	LED RGB UNDER THE BENCH AND BEHIND THE BACKREST INCL. REMOTE CONTROL
HEATER:	HARVIA VIRTA 11 KW
INFRARED HEATERS:	UP TO 2 PCS - FULL SPECTRUM HEATER, AS AN OPTION
OPTIONAL GLASS TYPES:	MIRROR, MIRROR BRONZE, MIRROR+, PARSOL GREY, PARSOL BRONZE, TRANSPARENT

Introducing our latest sauna masterpiece, a fusion of elegance and functionality. The exterior showcases a sophisticated dark grey glass adorned with a striking combination of decorative plates. The IPE vertical decoration, along with five alternative Fundermax combinations, adds a touch of contemporary luxury. Step inside to discover a meticulously crafted interior featuring originally made of Tyrol wood, offering a warm and inviting atmosphere. The sauna benches, constructed from thermo aspen, ensure a comfortable and relaxing experience. Should your preferences lean towards different materials, customisation is available upon request, allowing you to tailor the sauna to your unique taste. Designed with your comfort in mind, this sauna is an ideal haven for 4-5 individuals. The thoughtful combination of materials, from the elegant glass exterior to the rich walnut interior, creates a harmonious sanctuary for relaxation. Embrace the opportunity for individual adjustments, as we are committed to bringing your vision to life.

VELDEN XL

STANDARD CONFIGURATION:	
DIMENSIONS:	330x230x235 CM
VARIANTS:	LEFT, RIGHT, SIDE DOOR ENTRANCE
GLAZING:	3 SIDES GLASS, DOUBLE GLAZING, PARSOL DARK GREY GLASS
DOOR:	ALUMINIUM FRAME, DOUBLE GLAZED, PARSOL DARK GREY GLASS
FLOORING:	TILES

BENCHES:	THERMO ASPEN
BACKREST:	THERMO ASPEN
CONTROL UNIT:	DIGITAL TOUCH CONTROL PANEL HARVIA
COLOR LIGHT THERAPY:	LED RGB UNDER THE BENCH AND BEHIND THE BACKREST INCL. REMOTE CONTROL
HEATER:	HARVIA VIRTA 11 KW
INFRARED HEATERS:	UP TO 2 PCS - FULL SPECTRUM HEATER, AS AN OPTION
OPTIONAL GLASS TYPES:	MIRROR, MIRROR BRONZE, MIRROR+, PARSOL GREY, PARSOL BRONZE, TRANSPARENT

VELDEN XL reflects an aesthetic bond between glass and wood. The bronze mirrored glass facade merges sauna with any environment, and can complement buildings and surroundings of any kind. Thermal-glass used is double glazed with low thermal conductivity, together with wood fibre insulation walls, ensures low heat losses, so there is much less energy needed to heat and maintain temperature in sauna. Interior rustic walls in combination with thermo aspen benches are giving a warm, cottage feeling, large glass surfaces on the other hand provide openness. Built-in sauna equipment can provide Finnish, BIO and IR sauna experience. Useful anteroom for clothes changing, deposit of personal things and possible resting between sauna cycles, contributes to complete sauna experience. Addition of modern WLAN management of sauna features makes controls remote and easy.

WELLNESS OASIS

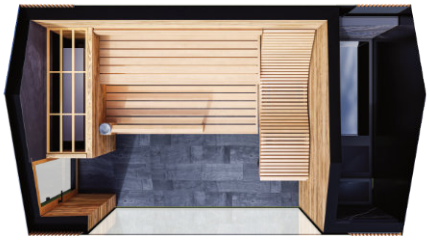

STANDARD CONFIGURATION:	
DIMENSIONS:	XL: 407x245x286 CM, STANDARD: 280x230x270 CM
VARIANTS:	XL AND STANDARD VERSION

HEATER:	HARVIA HIDDEN HEATER 12 KW
INFRARED HEATERS:	UP TO 2 PCS - FULL SPECTRUM HEATER, AS AN OPTION
OPTIONAL GLASS TYPES:	MIRROR, MIRROR+, PARSOL GREY, TRANSPARENT

Re-imagining the look and functions of a traditional Finnish sauna, handmade from high quality materials with excellent insulation for energy efficiency.

The asymmetrical gable roof is not only for an intriguing side profile, it also has a functional aspect distributing the heat towards the user and giving the possibility for a very large skylight. With the use of special dark grey mirror glass, the user is able to see outside from inside but not vice versa, which gives an even more relaxed feeling. For a quick break and numerous health benefits, there is an ice bath addition with an automatically and smoothly opening door.

When entering the sauna, the user is greeted by the magnificent skylight stretching from the floor to the top of the ceiling. There's a beautiful stone accent wall made from one single piece, illuminated by the atmospheric lighting which also accentuates the rising steam from the premium Harvia hidden heater. There is a height adjustable lounger with a flexible back support in order to accommodate different sized users for the perfect relaxation. For further comfort you can find a leg rest in front of the benches.

WOODY

STANDARD CONFIGURATION:	
DIMENSIONS:	305x230x245 CM
VARIANTS:	LEFT, RIGHT
GLAZING:	2 SIDES GLASS, DOUBLE GLAZING, PARSOL DARK GREY GLASS
DOOR:	ALUMINIUM FRAME, DOUBLE GLAZED, PARSOL DARK GREY GLASS
FLOORING:	TILES
INTERIOR WOOD:	RUSTIC TYROL WOOD CLADDING, HEAT TREATED AND BRUSHED
BENCHES:	THERMO ASPEN
BACKREST:	THERMO ASPEN
CONTROL UNIT:	DIGITAL TOUCH CONTROL PANEL HARVIA
COLOR LIGHT THERAPY:	LED RGB UNDER THE BENCH AND BEHIND THE BACKREST INCL. REMOTE CONTROL
HEATER:	HARVIA WOOD BURNING HEATER 20 KW + 6 OR 9 KW ELECTRIC HEATER (OPTION)
INFRARED HEATERS:	UP TO 2 PCS, AS AN OPTION
OPTIONAL GLASS TYPES:	MIRROR, MIRROR+, PARSOL GREY, TRANSPARENT

Introducing our outdoor sauna WOODY, a captivating blend of tradition and innovation, fuelled by the timeless and romantic energy source—wood. Crafted upon our esteemed Red Dot 2023 award-winning design, this sauna invites you to choose between two distinct wood-burning heaters, each offering a unique experience of loading wood either inside or outside the sauna. Protected by a vast canopy, this outdoor sanctuary shields you from inclement weather, creating an atmosphere of rustic elegance. A spacious log wood closet ensures an ample supply of fuel, allowing you to immerse yourself in the comforting glow of a wood-burning sauna experience. Customisation is at the heart of our design philosophy. The standard interior boasts Tyrol wood walls and Thermo aspen benches, but we invite you to tailor these elements to suit your individual taste. The same flexibility extends to the choice of wood-burning heater, the incorporation of infrared heaters, and the overall aesthetic of your outdoor retreat. For those who appreciate versatility, we offer a hybrid heating version. With an additional electric heater, you can seamlessly transition between the rustic charm of a wood-burning session and the convenience of maintaining heat with a 1-Phase electric heater. This hybrid mode provides the best of both worlds, allowing you to adapt your sauna experience to your preferences.For its excellent design, Sauna received the prestigious BIG SEE Award in 2023.

SAUNA HOUSE

STANDARD CONFIGURATION:	
Dimensions:	550x240x245 cm
Variants:	Left, right version
Glazing:	3 sides glass , double glazing, parsol grey glass

In the garden, there never seems to be enough covered space for all your enjoyment needs. Whether it's a pool, sauna, relaxation room, whirlpool, bar, refrigerator, bed, dining table, or shower—the list is endless, and so are our possibilities. Our standard Pool House, originally designed at 5.5 meters in length, has evolved to sometimes stretch up to 12 meters, adapting to suit your unique space and requirements. We take pride in our flexibility and are committed to bringing your vision to life, creating the ultimate garden retreat for you to enjoy.The front sliding doors allow for easy movement of large equipment in and out, while optional side sliding doors provide even more flexibility. Indirect lighting in the entrance area creates an intimate atmosphere. The floors can be heated, and IR heating can be installed on the ceiling. A recuperation supplies fresh air into the space. Various glass color options allow you to customise our product to your taste. Dimension changes for the entire structure are also possible .
